

Faucet and Bucket Income Strategy™

All too often investors complicate financial planning. At Bluegrass Legacy Group, we aim to keep things simple. You need **reliable** income streams, from **multiple** sources. We break it down into *faucets* (income flow) and *buckets* (storage & distribution). With a well-built plan, we can help you and your family to ensure resources will be available throughout your lifetime.

Step 1: Faucet Definition (*income*) – We start by defining your various income sources.

Step 2: Bucket Definition (*storage & distribution*) – Next, we define storage for collecting and distributing your assets across your estate throughout your lifetime and beyond.

Our team will walk you and your loved ones through the process of building a personalized strategy for income (faucets), storage, and distribution (buckets) of your assets. We will also vet the approach with any trusted professionals in your corner (CPA, attorney, etc.) to ensure it is suitable for you. Give us a call and let's have a conversation about your income needs.
